Background

Summary

Executive with broad experience leading operational businesses internationally and resolving difficult commercial and regulatory issues.

Experience

President, Remediation Management Services Company BP

April 2015 – Present (1 year 10 months) | Houston, Texas

Lead a global organization within BP that manages environmental liabilities at 1600 sites in 20 countries. Operate in a safe and compliant manner with a value-minded approach to manage existing liabilities and prevent the creation of new liabilities. Achieve performance in safety, operations, and financial delivery. Set the strategic direction for how to manage environmental liabilities. Report directly to the EVP for Safety & Operational Risk in BP.

Vice President, US Regulatory Affairs, R&M BP

February 2010 – March 2015 (5 years 2 months) | Greater Chicago Area

Responsible for US Regulatory Affairs for BP's Refining & Marketing (R&M) business. Resolved numerous enforcement actions and substantially lowered BP's regulatory risk in the Downstream. Accomplishments include:

- Negotiated a comprehensive federal consent decree with the EPA, DOJ and multiple NGOs to resolve their challenges to the air permit for the Whiting Refinery Modernization Project and settle EPA air enforcement issues at Whiting. BP had billions of dollars of exposure when the EPA Administrator issued an Objection Letter challenging the operating permit in 2009.
- Negotiated resolution of 709 citations that OSHA issued to the BP Texas City refinery in 2009. Resolving these citations was a critical step to preserve the refinery's license to operate.
- Developed and implemented the strategy to litigate 42 citations that OSHA issued to the BP Husky refinery near Toledo in 2010. The matter went to trial in June, 2012. The Judge dismissed 37 out of 42 citations, reduced the severity of the remaining citations, and lowered the civil penalty from \$3 million to \$35,000.
- Obtained more than a dozen other settlements and permits during 2010-2013.

President, Aromatics Americas BP

February 2007 – January 2010 (3 years) | Greater Chicago Area

Led BP's aromatics manufacturing and commercial business in the United States. The business had annual revenue of \$4 billion and capital employed of \$1.3 billion. Reported directly to the Petrochemicals CEO. The US aromatics business employed approximately 1000 people at three manufacturing sites and a business center. Led a significant restructuring of the business in 2009 in response to US economic

Commercial General Manager, Aromatics & Acetyls

BP

September 2004 – January 2007 (2 years 5 months) | London, United Kingdom

Reported directly to Petrochemicals CEO. Led a team to provide strategy, planning, and performance analysis in the global Aromatics & Acetyls (A&A) businesses. Led development of the aromatics wedge strategy to maximize value capture across the global aromatics businesses. Integrated A&A into the R&M planning process. Managed the relationships with IT, Procurement, and other internal BP functions on behalf of A&A.

VP, Planning - Petrochemicals

BP

January 2004 – December 2004 (1 year) | London, United Kingdom

Led a team to provide planning and performance analysis for the petrochemicals segment. Produced insightful management information for the Senior Executive Team and the BP Group. Fostered an effective network through the planning, strategy, and financial control communities. BP decided to divest two-thirds of its petrochemicals business during 2004 and completed the divestment in 2005. I supported the separation of the petrochemicals segment into Aromatics & Acetyls (for retention in BP) and Olefins & Derivatives (for divestment).

Executive Assistant to Group Vice President, Petrochemicals

BP

July 2003 – December 2003 (6 months) | London, United Kingdom

Assisted the Group Vice President for Asia and the Commercial Director for Petrochemicals. This position entailed a combination of networking, facilitation, and independent delivery to influence business performance.

President, PT PENI (Joint Venture)

BP

December 2000 – June 2003 (2 years 7 months) | Jakarta, Indonesia

Led PT PENI, a polyethylene joint venture owned by BP, Sumitomo, and Mitsui with more than 600 employees. Located in Indonesia, the business faced a challenging and unpredictable environment. Achieved balanced results for safety, operations financial performance, and people development. Executed the sale of the business to local investors in April, 2003 to deliver the shareholders' exit strategy.

Business Manager, European Olefins

BP

January 1999 – November 2000 (1 year 11 months) | London, United Kingdom

Led a business team to deliver safety, operational and commercial performance in the olefins business in Europe.

Project General Manager, Amoco Chemicals

BP

January 1996 – December 1998 (3 years) | Greater Chicago Area

Led several project teams to develop and implement \$260 million of capital projects. Delivered balanced outcomes in the areas of safety, cost, quality, schedule, and people development. Attained project safety results among the best in Amoco Corporation.

Product Manager, Paraxylene & Metaxylene, Amoco Chemicals

BP

February 1993 – December 1995 (2 years 11 months) | Greater Chicago Area

Coordinated the production and distribution of paraxylene & metaxylene throughout the global Amoco system. Led the business teams. Implemented business plans to achieve growth and low cost production for these products, which generated revenue of \$1.3 billion in 1995. Negotiated more than \$140 million of PX transactions.

Refinery Daily Scheduler, Whiting Refinery

BP

February 1991 – February 1993 (2 years 1 month) | Greater Chicago Area

Optimized production of gasoline and distillate at the Whiting Refinery, the third largest refinery in the United States at the time. Developed and implemented a flexible operating plan designed to meet product shipments and quality at the lowest cost.
